To All Members

Collective Bargaining - Tentative Collective Agreement

The Council Bargaining Team met with the employer representatives last week for an intensive bargaining session which has resulted in a tentative Collective Agreement.

As per the Constitution and Bylaws of the FGDTLC (West), the tentative agreement will be presented to all Affiliate Union Business Managers/ Business Representatives and Council Delegates at a special meeting called for this afternoon. The Council members will hear all details of the tentative agreement and vote to either accept the tentative agreement and present it to the membership for ratification, or vote to reject it. If it is accepted for ratification, Council Delegates will return to the workshops with copies of the tentative agreement outlining all changes that were accepted by both parties, and a ratification vote will be scheduled in the coming weeks.

More information will be forthcoming after the results of the meeting this afternoon.

In Solidarity,

**Des Rogers
President
FGDTLC (W)**
