<p>FMFCB has had another successful week supporting the fleet. We've been addressing a number of issues in the seagoing ships, including challenging preparations for replacement of REG's sonar dome out of area in the next few days. Also, we've managed to get OTT into the state required for transfer to VSL to start her Docking Work Period on Monday, which was confirmed by today's 'Materiel State Disclosure Conference'. Great work all around!</p>	Operations / OCC Lead	Cdr S. Summers	250-216-1101	LCdr C. Gray	613-407-2311				
<p>Shop 124E has recruited a number of volunteers to help from home on one of their current projects. If you are interested in contributing your efforts without having to come in the FMF, please pass your name up your chain of command to learn more. This is a fantastic opportunity and we thank everyone who has already been involved.</p>	Production	S. Hassan	250-889-1330	R. Solomon	250-361-6879
