<p>The <i>Halifax</i>-class frigates CALGARY and REGINA, have been at sea as the Formation's COVID-free forces for a number of weeks now, and will come alongside for a well-deserved rest. We have a couple of critical jobs to progress in REG. Other than that, the crews will be taking a break, and so we expect little communication from them through the rest of the month. Good work to FMF on keeping these ships running since Op LASER kicked off, with on-site assistance, remote assistance, and even an innovative video-link set-to-work of a radar in CALGARY by Group 5.</p>	Operations / OCC Lead	Cdr S. <p>Business Resumption planning is well underway across MARPAC. This has included some great ongoing work, involving personnel from, among others, Safety, Group 2, Group 7, Industrial Engineering, and Operations. We will likely see some firmer direction in the near future on how and the FMF will gradually return to work in a reduced capacity.</p>	Production	S. Hassan	250-889-1330	R. Solomon	250-361-6879
