<p>Our first week of the 'Green' team onsite is drawing to a close – and we are making good progress in meeting critical maintenance requirements in HMCS Ships <i>Winnipeg</i> and <i>Regina</i>. We're also getting a head start on work in HMCS <i>Victoria</i>, as preparing her for sea at the soonest opportunity is another critical RCN requirement. Thanks for everyone's hard work!</p>	Operations / OCC Lead	Cdr S. Summers	250-216-1101	LCdr C. Gray	613-407-2311
<p>We look forward to the 'Red Team' starting in full force onsite next week. Again, the FMF should be well set-up to receive you, but if you have questions or if you identify areas for improvement, please pass them up through your supervisor/chain of command.</p>	Production	S.
