| <p>The 'Business Resumption' process has begun! For some, last week was the first week working onsite in almost three months. Operations Team Green and select personnel from Production and Engineering laid the groundwork for developing schedules for WIN's SWP, REG's DRP, SAS's TRP and VIC's WP. These schedules will be finalized this week in preparation for work period execution, beginning the week of 15 Jun 20.</p> <p>A modified Battle Rhythm, which lays out the schedule of weekly meetings that will occur in support of work periods, was developed to enable all personnel, whether working onsite or at home, to stay engaged in work period progress. Information on the new Battle Rhythm and instructions for virtual meetings will be disseminated this week.</p> <p>The next few weeks will be new ground for all of us, and despite the considerable amount of planning and setup that has occurred, there may be some bumps along the way. Please remain flexible, follow COVID precautions, raise any issues with your supervisor or manager, stay safe and healthy.</p> |  | Operations / OCC Lead   | Cdr S.
