

# FMF Cape Breton – Op LASER Update 1 March 2021

Current Posture: 3A "Surge"	Key Contact Information

<p>We have had fewer concurrent work periods over the last couple of weeks than we had through January, which has given us a bit of breathing room, but still with lots to do. We rectified a number of critical defects in HMCS <i>Calgary</i> to allow her to deploy on time – thanks for the very-last-minute work from all involved. We have also worked on some defects in HMCS <i>Victoria</i> to allow her to maximize time at sea – and we have a few more defects to address this week. Finally, our important work in HMCS <i>Vancouver</i>, to prepare for her Tiered Readiness Program and deployment next year, and in HMCS <i>Winnipeg</i>, to allow her to deploy this summer, continues, and we will start a work period in HMCS <i>Regina</i> next week.</p> <p>With March Break approaching, the CO has sent direction on leave travel that applies moving forward: Military members must continue to monitor and follow provincial advisories and guidance, while civilian employees are strongly encouraged to do so. We're likely all experiencing some 'covid fatigue' but please keep doing your best, so that you and the community can stay healthy, and so FMF can keep supporting the navy.</p>	Operations / OCC Lead	Cdr S.
